MEMORANDUM FOR: Executive Director

VIA: Director of Logistics
Deputy Director for Science and Technology

FROM:
Director, Foreign Broadcast Information Service

SUBJECT: Request for Approval for Short-term Lease on Additional
Space in Rosslyn Area for FBIS

1. Approval is requested to lease an additional 5,000 square feet of office space in Rosslyn, Virginia for use by the Foreign Broadcast Information Service. No space is currently available in Agency buildings in that area. The space is needed by April 1986.

2. FBIS requires the additional space to house new activities and the people to carry out these activities. Functions for which additional space is required include installation of computers for FBIS modernization, a foreign TV processing center where FBIS can supply translations to foreign television tapes, and a new S&T Center approved to begin operations this year.

3. In order to expedite the move and hold down costs, FBIS plans to move into the new area approximately officers who do not require special purpose remodeling or vaulted work areas, though a vault area is required for secure phone and Wang system controls. Total renovation costs are expected to total . The rental space cost will not exceed \$29 per square foot per year. These estimates are based on discussions with and rough and preliminary estimates by OL/Real Estate and Construction Division personnel.

4. Your approval is required to expend no more than to lease and make necessary alterations to additional space for FBIS. Funds are available within the FY-86 Office operating budget. In addition, attached is a "Certificate of Necessity" for your signature as required by 50 U.S.C. 403 f(e).
